Speaker Snapshot

Berinyuy Melvine Kangong, MelX

Who MelX is

MelX is a Cameroonian EdTech founder, speaker, certified English tutor, and digital innovation advocate. She leads EmpowerEd Nexus, an education technology company building offline-first and AI-powered learning infrastructure for underserved schools and communities.

- Founder and CEO of EmpowerEd Nexus.
- TEFL and Preply certified English tutor with 4+ years of experience.
- YALI alumna and community impact advocate.
- Tony Elumelu Foundation Entrepreneurship Programme 2025 completion.
- Recognized among 05 national female tech leaders of Cameroon in 2025.

Positioning Statement

MelX helps students, professionals, founders, and communities learn, speak, lead, and thrive in a changing digital world. Her talks combine a powerful personal story with practical tools in AI, English communication, digital skills, resilience, and purpose-led leadership.

She is ideal for events that need more than inspiration. She brings clarity, strategy, action, and a voice that speaks directly to African youth, women in technology, education leaders, student communities, and organizations working on digital transformation.

Female tech leader recognition

Signature Talks and Workshops

For schools, universities, embassies, NGOs, accelerators, and women in tech networks.

MeIX combines founder experience in Cameroon with the teaching skill to make complex ideas simple and practical.

4 Women in Tech and Leadership

A practical, story-driven talk for girls and women who want to lead before they feel ready.

6 From Pain to Purpose

A founder story about resilience, faith, rejection, learning, and building something that serves others.

1 Skills Create Leverage

Why practical skills, digital confidence, and consistency can change a young person's future.

2 AI for Education in Africa

How schools, teachers, and students can use AI responsibly, even in low-connectivity contexts.

3 The Discipline Code

A student success session on focus, revision, exam preparation, mindset, and learning systems.

5 English Confidence for Global Opportunity

How communication, pronunciation, and presentation skills create access to jobs, travel, and study.

Every session is built around practical takeaways: a mindset shift, a tool, a habit, a plan, and a next step participants can act on immediately.

Event Formats and Audience Fit

1

Keynote Talk

30 to 60 minutes. High-energy, story-driven, and action-focused.

2

Workshop or Masterclass

90 minutes to half-day. Practical learning with exercises, templates, and participation.

3

Panel Speaker

For AI, EdTech, women in tech, youth leadership, education, or entrepreneurship events.

4

Moderator

Warm, structured moderation for leadership, innovation, education, and community impact conversations.

5

School and University Session

Student discipline, exam preparation, AI tutor use, English confidence, and career readiness.

6

Corporate or NGO Training

AI tools, digital skills, communication confidence, youth engagement, and leadership development.

Best-fit audiences

- Secondary school and university students.
- Youth leadership programs and women in tech communities.
- Embassies, NGOs, accelerators, EdTech forums, and social impact convenings.
- Professionals and founders who need English confidence, communication clarity, and AI readiness.

Proof, Recognition, and Credibility

A voice backed by lived experience, learning, entrepreneurship, teaching, and community impact.

Media Recognition

Recognized among the “05 national female tech leaders of Cameroon in 2025” by Le Journal L'Étudiant under the special edition Technologie au Féminin.

Speaking Platforms

Speaker for Freedom 250 Youth Leadership and Innovation for Community Impact at the U.S. Embassy Yaounde. Moderator and facilitator for leadership, education, and community impact events.

Selected credentials and signals of trust

- YALI alumna and YALI Network certificate holder in organizational development for volunteer-based initiatives.
- Tony Elumelu Foundation Entrepreneurship Programme 2025 completion and achievement.
- Data Science with Python certificate and Database Administration training with Microsoft SQL Server and Azure exposure.
- Women in Digital Business, Digital Marketing certificate through ITCILO.
- HP LIFE Effective Leadership certificate and UN Global Compact Gender Equality course completion.
- Cherie Blair Foundation for Women Business Resilience Programme completion.

English Confidence Coaching

A speaking and teaching lane for Preply, professionals, students, and global learners.

Why this matters

Many students and professionals need confidence to speak, present, interview, travel, and communicate globally. MeIX turns English learning into a practical confidence system.

- Conversational English.
- Business English.
- American accent and pronunciation.
- Interview preparation.
- English for children, teenagers, and adults.

Preply profile proof

TEFL and Preply certified English tutor with over 4 years of teaching experience. Known for engaging, professional, friendly lessons that help students speak naturally and confidently.

Workshop idea: Speak with Confidence in the Age of AI

A practical session for students, job seekers, professionals, and founders who want to improve English confidence, presentation skills, and AI-assisted learning habits.

- How to stop fearing mistakes and start speaking.
- How to prepare for interviews and presentations.
- How to use AI to practice vocabulary, pronunciation, and professional communication.
- How to connect English confidence to scholarships, travel, work, and leadership.

Founder Voice and Field Impact

MeIX brings platform vision, teaching skill, and field experience.

EmpowerEd Nexus connection

EmpowerEd Nexus builds offline-first and AI-powered digital learning infrastructure for schools and underserved communities. Its ecosystem includes EduBox, EmpowerEd LMS, The Discipline Code, Nexus Coach, AI Tutor, Studio, marketplace resources, health education tools, and future student support services.

What organizers get when they book MeIX

- A founder story that connects pain, resilience, skills, faith, technology, and purpose.
- Practical tools participants can use immediately, not just motivational talk.
- A voice that understands African students, women, young founders, teachers, and underserved communities.
- A strong bridge between English communication, AI learning, EdTech, leadership, and real community impact.

Book MelX for Your Event
